

## Stroke, Dementia, Diabetes: Navigating Community Services

*March 04, 2015*

## *Stroke, Dementia, Diabetes – Navigating Community Services*

- **Rachel Ozer** CRSN Community + LTC Coordinator
- **Dr. Frank Molnar** Medical Director, Regional Geriatric Program of Eastern Ontario
- **Suzanne McKenna** Champlain System Navigator for Acquired Brain Injury (ABI) at CCAC
- **Jaime Constable** Manager – First Link Partnerships for the Alzheimer Society of Ottawa and Renfrew County
- **Lisa Herlehy** Diabetes Educator, Ottawa Hospital Academic Family Health Team

### Goal

- To find solutions to times when comorbidities create complex situations for navigating the system
- Improve efficiency and effectiveness of limited health care resources

*Organized by the Champlain Regional Stroke Network and the Alzheimer's Society of Ottawa + Renfrew County*

### Learning objectives: by the end of today's panel participants will be able to:

- Explain how dementia, diabetes and stroke are related
- Share an example of a gap and duplication in the health care system
- Describe a resource that is valuable across conditions and the best time to provide it

## *Stroke, Dementia, Diabetes – Navigating Community Services*

Intro	Panel presentations	Audience case discussion	Open discussion	Panel wrap up	Questions & Summary
<i>5 minutes</i>	<i>20 minutes</i>	<i>5-10 minutes</i>	<i>10 minutes</i>	<i>10 minutes</i>	<i>5 minutes</i>
