

# CENTRAL INTAKE FOR SPECIALIZED GERIATRIC SERVICES (GERIATRIC MEDICINE)

Specialized Geriatric Services (SGS) provide older adults with specialized care and services that are often necessary to prevent, delay or restore loss of function in older adults.

Ambulatory/Outpatient SGS include but are not limited to Geriatric Day Hospitals, Geriatric Assessors, Geriatric Psychiatry, Memory Programs, and Geriatric Clinics. Each SGS has varying patient criteria and accept referrals from different sources.

FOR MORE INFORMATION:

**Central Intake for SGS (Geriatric Medicine)**  
Regional Geriatric Program of Eastern Ontario

## OUR GOALS:

- Provide a streamlined intake process with one referral form and one contact number for referrals to Geriatric Medicine.
- Ensure timely access to the most appropriate service for clients 65 years and older.
- Facilitate the referral process for health care practitioners, patients and caregivers.

## WHY SHOULD YOU CONTACT US?

You are concerned with some health issues, which might include:

- cognition changes
- medication review
- caregiver stress
- mobility/falls
- mood
- driving safety
- personal care
- nutrition
- risk/safety concerns

## WHAT WE CAN DO:

In order to ensure that we connect you with the proper specialist, Central Intake coordinates access to geriatric services. We will review your referral, contact you and connect you with the proper resources.
