

Private Home Support Services

(Updated: April 2020 – During COVID-19 Pandemic)

We do not endorse or recommend any specific service. This is a list that might help you to find, for-fee, private in-home help. We recommend that you do your homework and make sure the home support service you hire offers you the support and care that you and your loved ones are looking for. More services may be listed online at: www.champlainhealthline.ca. Make sure to ask your friends and neighbors, often “word of mouth” is the best way to find what is right for you. We also recommend that you check in with your local non-profit community support service agencies for information about in-home support services.
